\$75

Papua New Guinea Gratitude Card

In honour of 75 years of MAF service in Papua New Guinea. Helps fund the flights that women rely on most.

For isolated women, MAF planes are the only connection to safe childbirth, emergency medical care, protection from violence or Christian fellowship.

This year, we are honouring real Woman of MAF with gift cards that support the flights they rely on most. Each card features a flight theme gratitude, care, faith and strength, and includes a story from one of our programs to share with a woman close to you.
