ABOUT MAF

Mission Aviation Fellowship (MAF) is a global Christian organisation providing aviation services to people in some of the most remote areas around the world.

For more than 80 years, MAF has used light planes to bring help, hope and healing to people living in remote communities around the world. In Indonesia, MAF serves communities in Papua and Kalimantan separated by mountains, islands and limited transport access, flying medical teams, essential supplies, church leaders and community workers to places that are difficult to reach.

OUR VISION

To see isolated people changed by the love of Christ.

OUR MISSION

Serving together to bring help, hope and healing through aviation.
